

Opportunity to Partner with Environmental Incentives on Clark County RFP No. 941

Environmental Incentives is seeking to partner with qualified Minority Business Enterprises and Women Business Enterprises to help us successfully implement consulting technical services to the Clark County RFP No. 941 Planning Services for the Community-Based Public-Private Partnership for stormwater bioretention facilities maintenance.

We invite responses from firms certified as Minority Business Enterprises and Women Business Enterprises by the Washington State Office of Minority and Women's Business Enterprises. We are particularly seeking expertise in landscaping services, stormwater facility inspection and business community relations.

Overview

Clark County is soliciting proposals for an effort to draft a Community-Based Public-Private Partnership (CBP3) for stormwater bioretention facilities maintenance.

Environmental Incentives is preparing a proposal in response to the Request for Proposal and seeks experienced and certified Minority and Women Businesses to collaborate on the tasks described in the scope of work.

Areas of Desired Expertise

We are particularly interested in firms with demonstrable experience and capacity in the following areas:

- **Program Development**
 - Familiarity with the Washington State CBP3 Guidebook for Municipal Stormwater Managers
- **Program Launch**
 - Relationships with workforce development organizations- particularly in the landscaping and stormwater fields
 - Familiarity with landscaping industry organizations and individual businesses in Clark County
 - Relationships with community based organizations and non-governmental organizations in the landscaping and stormwater fields
 - Ability to design, build, and maintain user-friendly web platforms showcasing program information
 - Proficient in creating well-structured training materials, such as presentations, handouts, and guides, that support workforce development objectives

Minimum Eligibility Criteria

Respondents must:

- Be certified as an MBE or WBE through the Washington State Office of Minority and Women's Business Enterprises.
- Demonstrate technical qualifications and relevant past performance aligned with Clark County's needs.

Submission Instructions

Please submit the following materials by 5:00 pm PT on October 30, 2025:

- A brief statement of interest identifying key task area(s) of alignment
- Summary of qualifications and relevant project experience
- Certification(s)

Materials should be submitted electronically to: admin@enviroincentives.com

Evaluation and Partnership

Environmental Incentives will review subconsultant qualifications based on technical alignment, relevant experience, and certification status. We will hold interview calls with short-listed firms during the week of November 3, 2025.
